

Interview an OB/GYN face-to-face!

Are you tired of trying to choose a faceless physician from an insurance list, phone book or the Internet? Don't you wish you could meet a doctor before your first patient visit?

Then join us for our FREE Shop a Doc event – your opportunity to hold fast, informative face-to-face interviews with several private-practice OB/GYNs – allowing you to gather important information you need to choose your doctor.

Not sure what to ask a potential physician? A list of questions will be provided to you as a guide for this fun and fast-paced workshop to help you choose a private physician who you think will best meet your prenatal, peri- or post-menopausal management or general gynecological healthcare needs.

This event is FREE and the WomensCare Center will be on hand to provide activities, women's health and prenatal information, and tips for when baby arrives! Registered attendees will be entered to win a prize!
